Re: Monthly Report – June 2009

Report Summary:

Crime data and monthly departmental activity is summarized with an historical perspective.

Comparative Data:

Assaults increased 7.94 percent, burglaries decreased 10.53 percent, and thefts decreased 10.11 percent, bringing the overall total of the June Uniform Crime Index Offenses to 271 compared to 294 in May.

Report Analysis:

There were 68 assaults reported; 10 of those were aggravated. Forty-eight of these incidents involved family violence.

Overall, burglaries decreased by four incidents; habitation burglaries decreased by three incidents. Of the 16 habitation burglaries reported, force was used to gain entry in six homes and the burglar entered through the garage or an unlocked door or window in six homes. There were no signs of forced entry so it is unknown how entry was made in four homes.

Building burglaries decreased by one incident. Three of the 18 buildings burglarized were in construction sites.

Burglaries of motor vehicles decreased from 76 last month to 55 in June. Twenty-six vehicles were entered by force, twenty-one vehicles were entered through unlocked doors and it is unknown how entry was gained in 4 incidents (there were no signs of forced entry). One of the BMVs was an attempt and the burglar did not gain access to the vehicle.
